	Andrew Geist	Building Inspector
	Andrew Benz	Chief of Police
	Frederick Piasecki, Jr.	Highway Superintendent
	Wayne Bieler	Town Engineer

Supervisor Colarusso read into the record the following: "If anyone appearing before the Town Board has a family, financial or business relationship with any member of the Board, it is incumbent upon that person to make it known under State Law and the Town Code of Ethics."

1) THE FOLLOWING RESOLUTION WAS OFFERED BY COUNCILWOMAN ACKERMAN, WHO MOVED ITS ADOPTION, SECONDED BY COUNCILMAN GRABER, TO WIT:

RESOLVED, that the Regular Town Board minutes held on October 6, 2010 are hereby approved, and be it further

Public Hearing

Town of Orchard Park 2011 Preliminary Ad Valorem & Benefit Basis Special District Budgets

At 7:02 PM (local time) Supervisor Colarusso called for the Public Hearing to hear all interested parties for or against the proposed 2011 Preliminary Ad Valorem & Benefit Basis Special Districts Budgets.

Affidavits of Publication and Posting of the Legal Notice of the Public Hearing were presented, read aloud, and filed with the Town Board by the Town Clerk.

At this time Supervisor Colarusso talked about the budget process and how important it is to balance the services provided by the Town, with the cost to the taxpayers. The Town Board will continue to review the Budget, and consider any recommendations from the citizens of Orchard Park before the final budget is presented and adopted. She then outlined the financial issues affecting the budget.

Supervisor Colarusso then introduced Wayne Drescher, the Town Accountant who gave an overview what goes into the making of the Town Budget.

Supervisor Colarusso asked if there was anyone in the audience that would like to speak.

Rod Stadelmaier – Mr. Stadelmaier stated that there is a fee for deficit reduction on his Sanitary Sewer District, Water District, and Drainage District, and there are fund balances. He requested these fees be waived.

Mark Pacholec- Orchard Park Police Officer Pacholec stated it is becoming increasingly difficult to deal with all the calls for service, a growing population, an increase in the seriousness of offenses, combined with State mandated training, with fewer officers than in 1997. Officer Pacholec also suggested the creation of a committee of Officers, Town Board members and residents to come together to deal with these issues. (Written statement submitted)

Supervisor Colarusso stated she would get back to him regarding such a committee, and felt it was a good idea.

Jane Schumaker – Ms. Schumaker feels that each line of the budget should be reviewed, checked to see how much of it was spent the previous year and adjust accordingly, not by just adding 10% to each line. She questioned a new stipend that was added to the budget.

Beverly Hammersmith – Ms. Hammersmith expressed her concern about excluding \$100,000 from the budget for a Town-wide reevaluation, which has not been done since 1990. The State reimburses the town that update assessments and a reevaluation would pay for itself in a long run.(Written statement submitted)

Ron Stadelmaier - Mr. Stadelmaier questioned the budget preparation process which yields final budgets with over-estimated expenditures and under-estimated non-property tax revenues, which results in surpluses, and higher than necessary tax levies. Mr. Stadelmaier stated he is opposed to any 2011 tax increase and turned in a list of suggestions to trim the budget. (Written statement submitted.)

Brian Gearing – Orchard Park Police Officer Gearing stated that people move to Orchard Park for many reasons, one being it's reputation as a safe community. With the growth in the Town, the Police Department needs to increase it personnel to safely handle the increasing demands on the department. (Written statement submitted)

Nick Taneff – Mr. Taneff asked Mr. Drescher to explain how the revenue from the Town is invested and the restrictions or limitations on those investments, by law, to those investments.

Dave Schuster – Mr. Schuster wanted clarification regarding raises in the 2011 budget, which Mr. Drescher explained. Mr. Schuster questioned the stipend for "Budget Officer". Councilman Kaczor stated that the stipend for "Budget Officer" has been based on the Supervisors involvement with the budget process, department heads and labor negotiations, and Supervisor Colarusso has been heavily involved with all those aspects. The Board felt this warranted an increase.

Jason Schiedel – Orchard Park Police Officer Schiedel stated that the Town grew by over 20% in the last 20 years, but the police department has not. Last year the police department responded to over 22,000 calls for service, which were handled by 30 officers. West Seneca had a similar amount of calls that they handled with 65 officers. The Town should examine current police manpower levels to see if they are prudent. (Written statement submitted).

Supervisor Colarusso stated that if anyone has any suggestions or comments they can send them, or e-mail them to her, or the Town Clerk, and they will make sure the Town Board receives them. They are not going to vote on the Budget tonight as they are going to review it, take into considerations the suggestions, and further discuss issues with the Town Accountants.
